

National Bank & Trust Company

March 11, 2020

Serving our customers is our highest priority. As concerns develop and evolve with COVID-19 (the novel coronavirus), we are closely monitoring the situation and its potential impact on our operations. Be assured, we have plans in place to continue serving our customers should the situation worsen. First National Bank maintains a robust business continuity program, including a pandemic plan.

As part of this program, staff from across First National Bank are monitoring daily for the foreseeable future to stay on top of the situation and work through “what if” situations. This process helps us assess current conditions and the need to implement portions of our plans to assure our preparedness to meet the financial needs of our customers.

We will provide periodic updates if conditions change, but please feel free to reach out to us if you have any questions or concerns.

Thank you for your trust in First National Bank. As we move forward, serving our customers and keeping our employees safe will continue to be at the forefront of every decision we make.

Herschel Brewster
President / CEO
